A Tradition Of Excellence-

Yesterday, Today, Tomorrow . . .

February 9, 1982, marked the one-hundredth celebration of Founder's Day at The University of Akron. Originally held on the birthday of John R. Buchtel, the founder of Buchtel College, the morning Convocation included a portrayal of Buchtel by Dr. Howard K. Slaughter, Professor of Theater Arts. Following the dramatization, Dr. Harold Delaney, Executive Vice President of the American Association of State Colleges and Universities, delivered an address entitled *Higher Education's Real and Mythical Dilemmas.*

After the Convocation, held in John S. Knight Auditorium, the participants travelled to Glendale Cemetary where wreaths were placed on the graves of Mr. and Mrs. Buchtel. A luncheon followed in the Hilltop Dining Room in Gardner Student Center.

The highlight of the afternoon was a panel discussion on the topic *A Tradition of Excellence—Yesterday, Today, Tomorrow.* All panel members were either graduates or current students of the University. Mr. David A. Lieberth served as moderator, and members of the panel included Dr. George W. Knepper, Mrs. Rainy Stitzlein, Dr. Frank N. Kelley, Mr. James R. Williams, Mrs. Barbara Ann Venesy, Mr. Theodore L. Gordon, and Miss Marianne R. Manko.

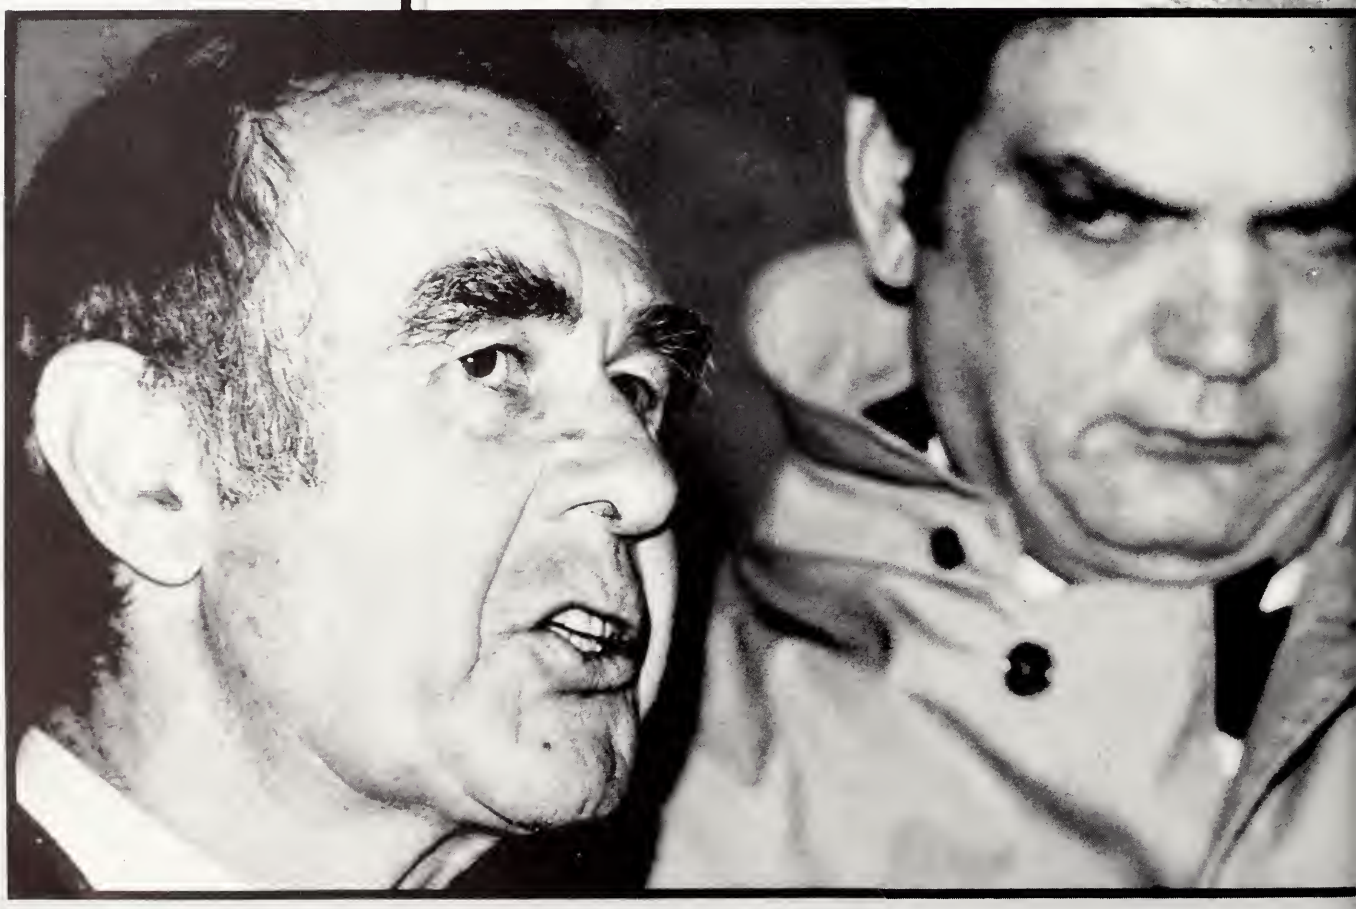
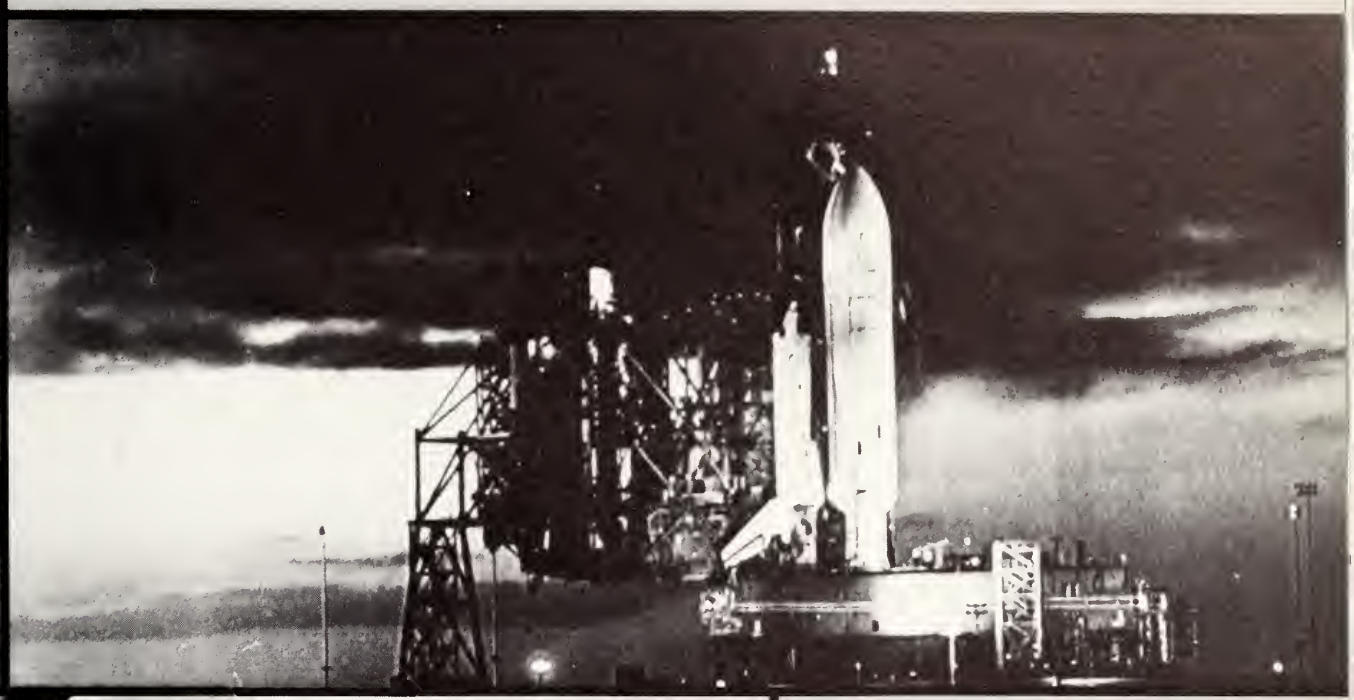
National Events

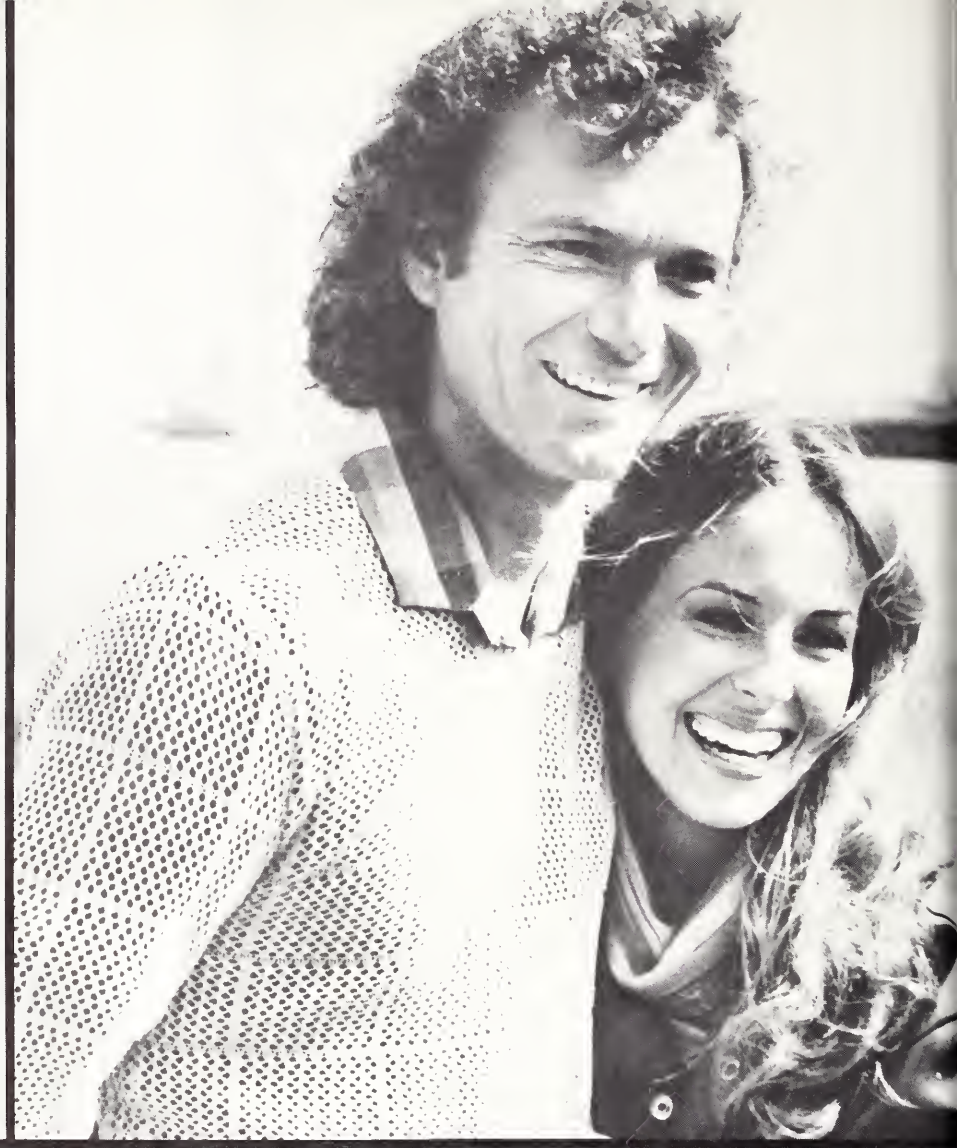
During 1981-82 the United States suffered setbacks as well as accomplishing major technological advances. Midwesterners were especially hard-hit when record amounts of snow fell across the country *(right)*. The space shuttle *Columbia* made several successful flights into space, returning its crews safely and establishing the U.S. as the continued leader in the space race *(far right)*.

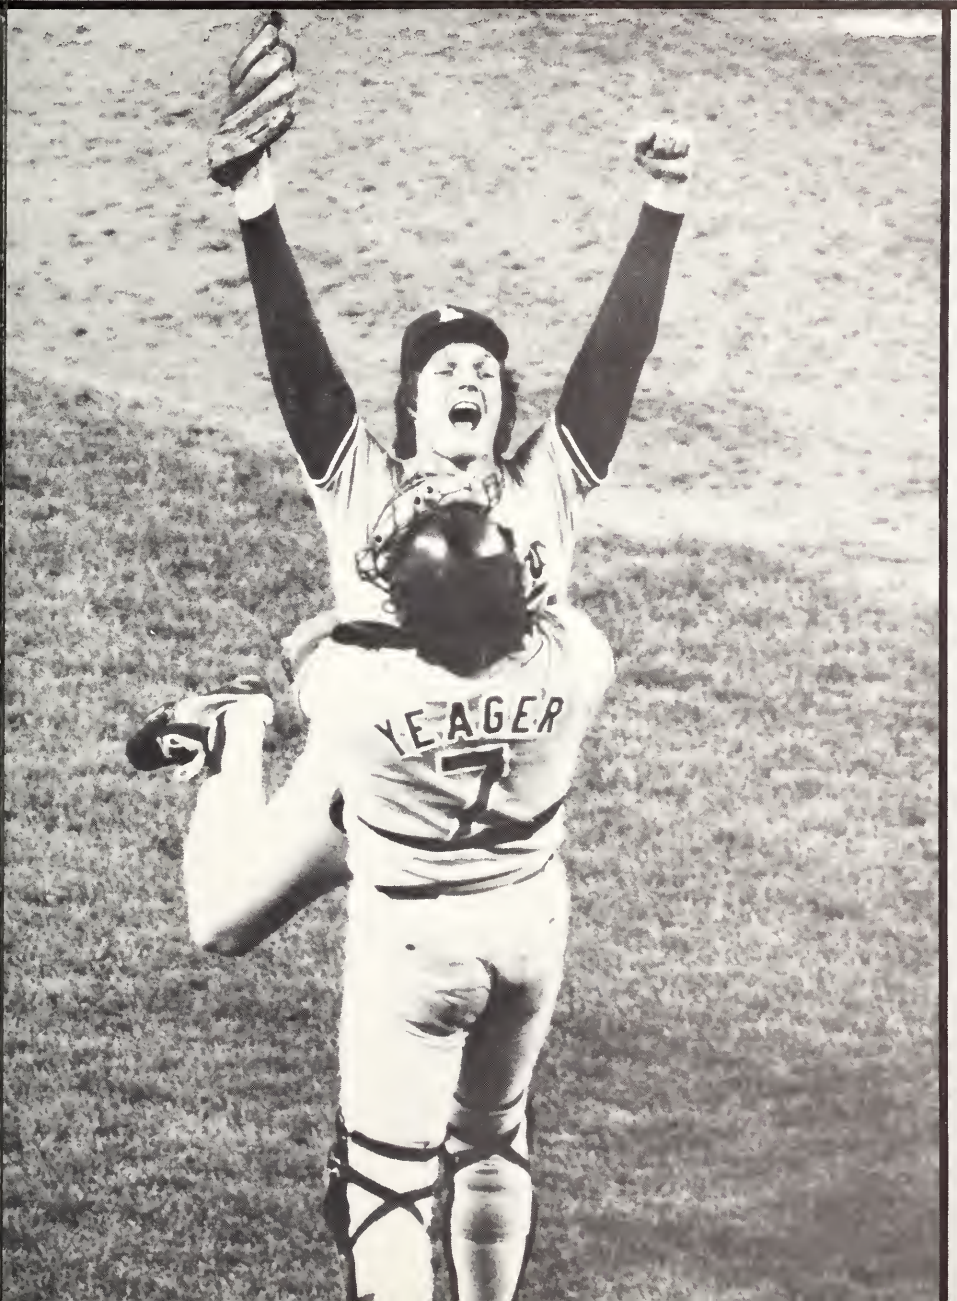




The political arena was plagued by conflicts between and within the Democratic and Republican parties *(left)*. Democrats and some Republicans bucked the leadership offered by the Reagan Administration and drafted several other budgetary plans, highlighted by increases in spending for social services and decreases or freezes in defense spending. In addition Senator Harrison Williams of New Jersey raised the eyebrows of the American public when he was forced to resign from the U.S. Senate in the face of almost certain explusion for his roll in the FBI's ABSCAM investigation. Williams was convicted by a federal court of conspiracy, and two counts each of bribery, conflict of interest, receiving a criminal gratuity, and interstate travel in aid of a racketeering enterprise *(far left)*.

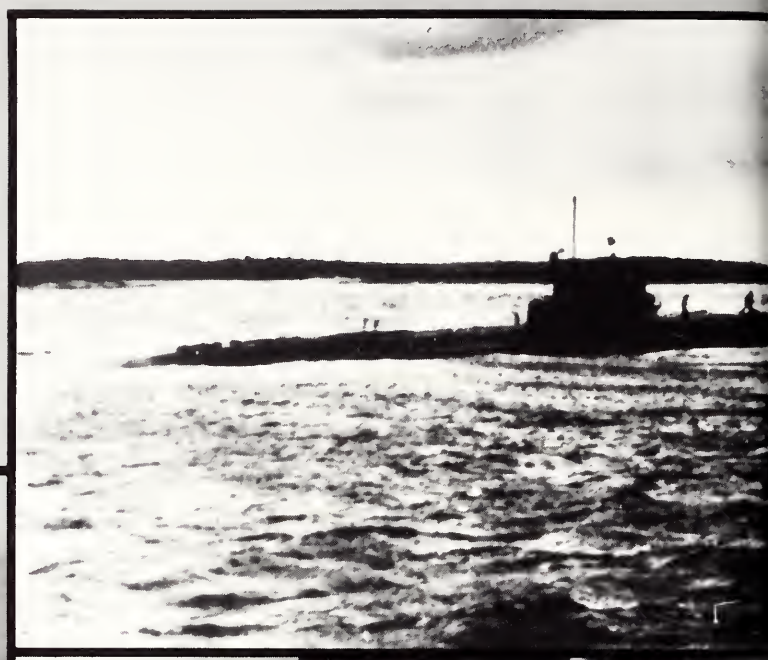
Two famous couples headlined the entertainment world in 1981-82. Anthony Geary and Gene Francis, Luke and Laura of *General Hospital,* helped make that soap opera the most-viewed daytime TV show *(right).* College students across America scheduled their classes around the 3-4 p.m. time slot in order to catch all of the action on *GH.* Henry Fonda and Katherine Hepburn were named "Best Actor" and "Best Actress" by the Academy of Motion Picture Arts and Sciences for their roles in the film *On Golden Pond (below).* The movie was also nominated for "Best Picture of the Year," losing out to *Chariots of Fire.* This was Fonda's first Oscar and Hepburn's third.





Despite the lack of a full-length baseball season, spirit was high for the 1981 World Series. After splitting the first four games with the New York Yankees, the Los Angeles Dodgers came back with four consecutive wins to capture the World Series title *(right)*. In Super Bowl XVI the San Francisco 49ers won the NFL Championship over the Cincinnati Bengals, 26-21 *(above)*.

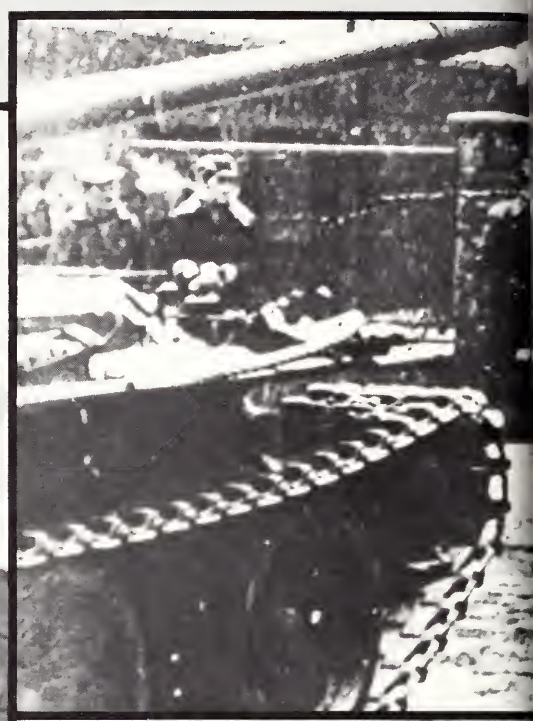
International Events



During the 1981-82 year, the international spectrum was marred with the assassination attempts on the lives of President Ronald Reagan and Pope John Paul II. A raging bullet fired by assassins silenced Egypt's President Anwar Sadat and left a dangerous void of leadership in the Middle East *(far left)*.

However, international politics was affected by more than attempts to end the lives of world leaders. The Swedish Government was able to question the commander of the Soviet submarine that ran aground off the Karlskrona naval base *(top center)*. In addition to this event, conflict in Iran caused Bani Sadr, who served as president under the Ayatollah Khomeini, to flee the country and seek refuge in France *(lower left)*. And the natural death of Israel's Defense Minister General Moshe Dayan was felt by the entire world as rising military conflict between Israel and the Palestine Liberation Organization jarred the delicate mechanics of world peace *(left)*.

One happy occasion in international news highlighted the year. The marriage of Prince Charles to Lady Diana was telecast world wide, allowing millions to enjoy the fantastic splendor of the royal wedding and to celebrate the joy of England's future leaders *(above)*.



The year was also characterized by extensive outbreaks of military confrontations. Americans saw Poland divided between a government demonstrating martial law and a people demonstrating the quest for basic human rights *(upper center).* We saw violence in El Salvador which gave way to seemingly free elections, although the process of the election is still being questioned. *(lower center)* We saw conflict between the Argentine government and the British government over a small parcel of land called the Falkland Island *(far right.)* We also saw reaction from our government in its attempt to help negotiate this conflict. *(above).* And, we cheered when Brigadier General James Dozier was returned safely to the United States after being held captive by the Red Brigade in Italy. *(upper right).*

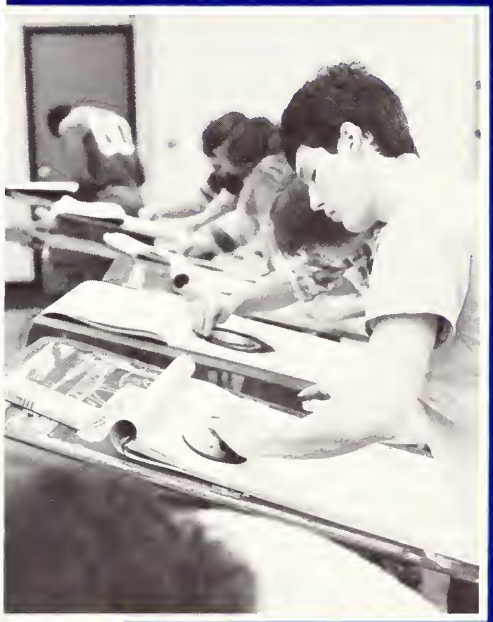
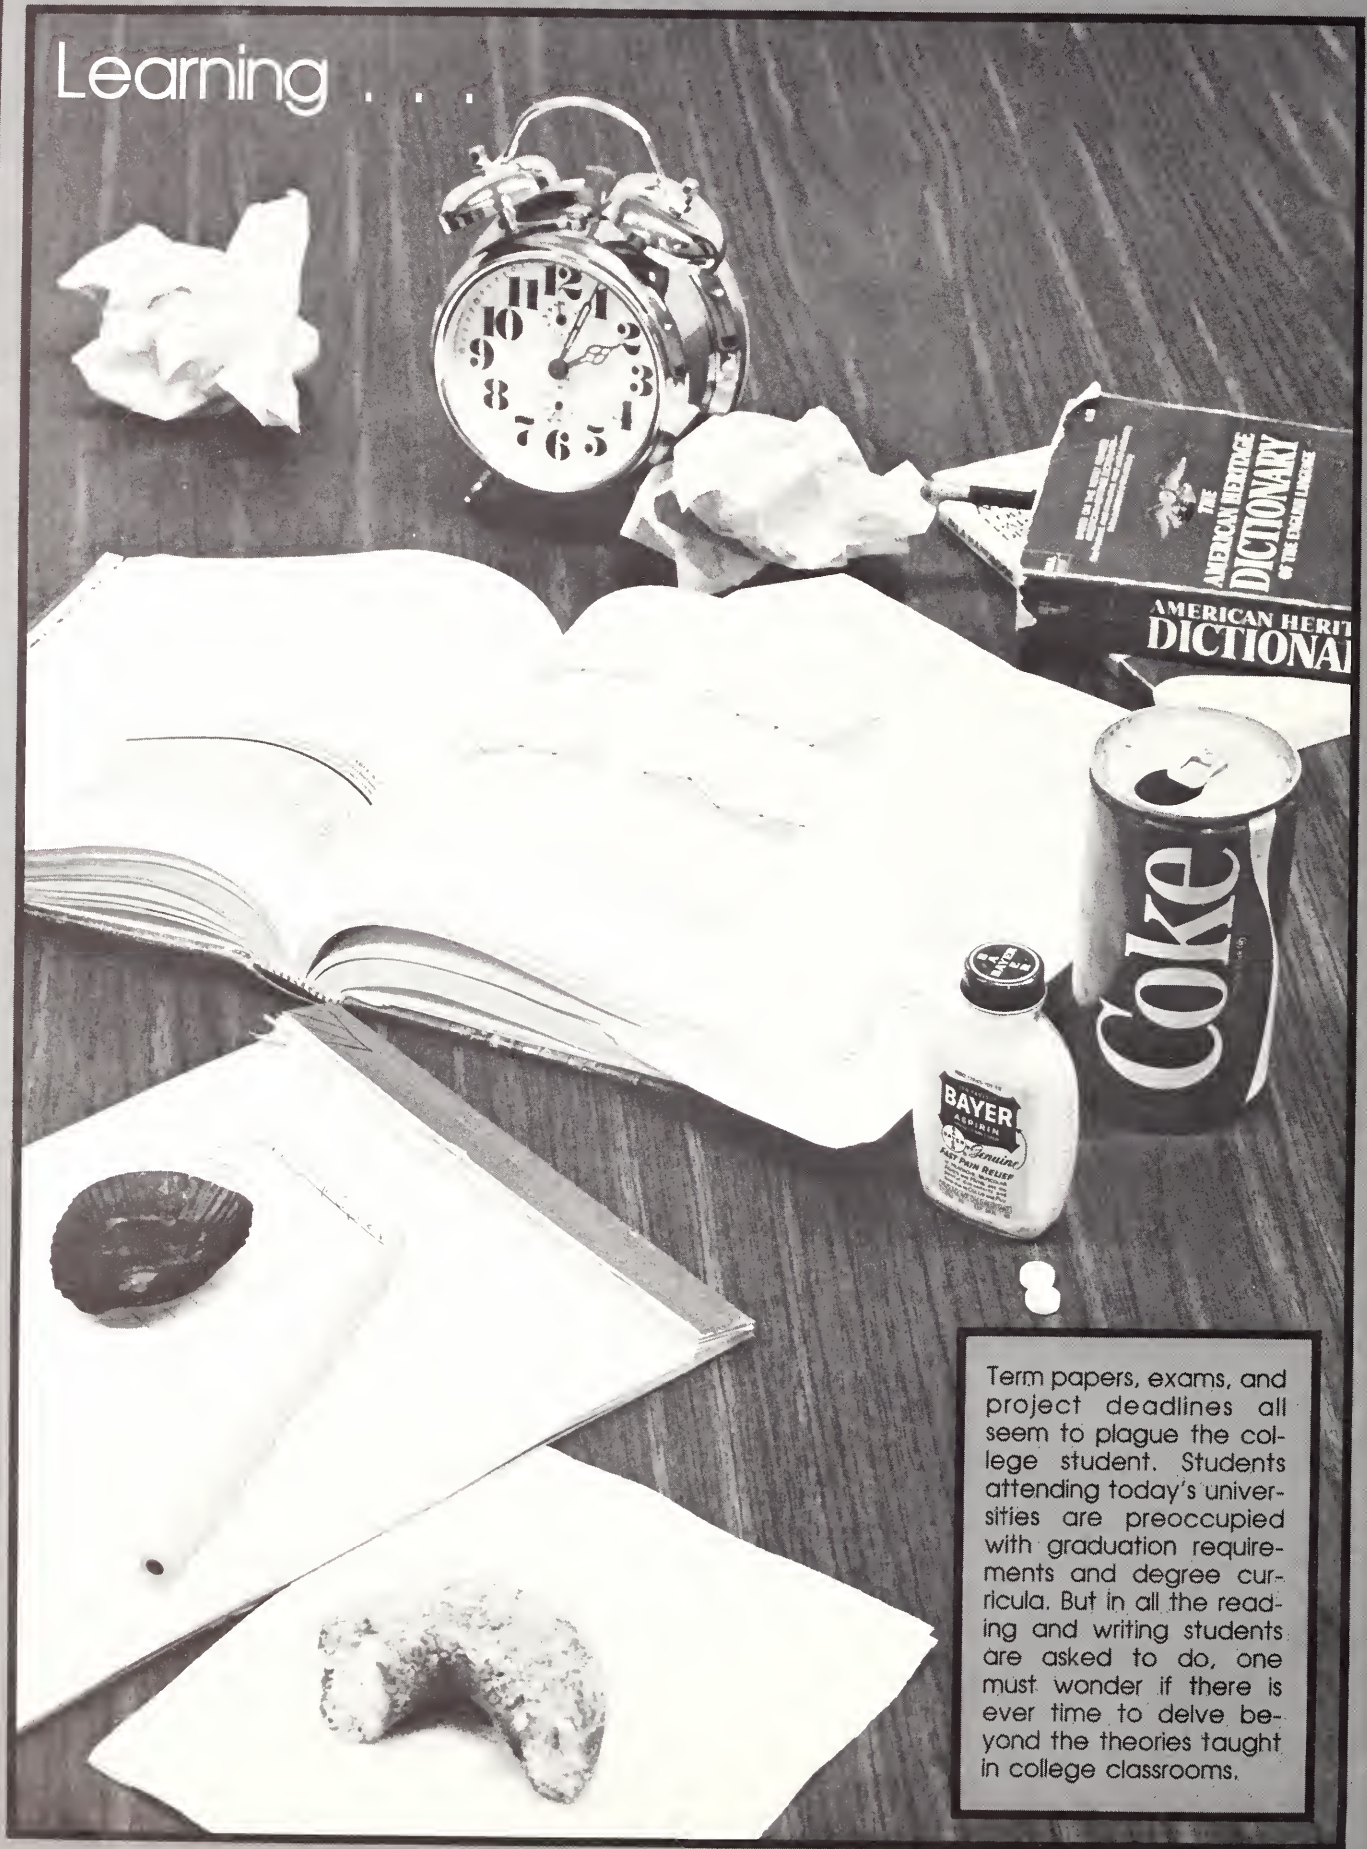
Academics



Learning . . .



Term papers, exams, and project deadlines all seem to plague the college student. Students attending today's universities are preoccupied with graduation requirements and degree curricula. But in all the reading and writing students are asked to do, one must wonder if there is ever time to delve beyond the theories taught in college classrooms.

Understanding

Some say true education is a state of mind. To really gain from the principles and facts presented to students, one must understand the concepts and the conditions behind the idea itself. Education starts with the orientation to new information but truly begins with the knowledge that is achieved when one reflects on the theories presented and makes a conscious choice to either accept or deny the statements to which he is exposed. Clearly, the product of true education is the development of individual thought.

Office of the President

President Guzzetta stands in front of a mo[illegible] expanding University of Akron campus.

Dr. Dominic Guzzetta has served as President of The University of Akron for eleven years. During this time, he has seen many changes take place at the university. Among these changes he notes that students seem to be continually more committed and professional in achieving their educational goals. He also explains that most universities will be seeing an increase in the enrollment of non-traditional students and that these institutions will need to gear themselves for this change. He explains that with the development of new programs and the recent completion of the Continuing Education Center, The University of Akron is expanding to meet the new needs that a more diversified student body presents.

Although this expansion is imperative, Dr. Guzzetta feels that the major changes the University has experienced during his eleven years of leadership has been in the development of an accomplished faculty, along with the growth and quality of the academic programs offered here at The University of Akron.

President Guzzetta meets monthly with the Board of Trustees.

University College

Upon entering The University of Akron, each student who is planning to obtain a baccalaureate degree is admitted to the University College. It is the goal of the University College to create a sound curriculum that will enhance the student's major field of study. Students may choose from a variety of courses designed to complete their requirements, as well as expose them to subjects such as world culture and history, speech, composition, physical education, natural sciences, mathematics, and social sciences.

Students involved in natural sciences spend many hours doing lab work.

The Buchtel College of Arts and Sciences, housed in Olin Hall, is the oldest and largest college at The University of Akron. It is also the most diversified, offering degree granting programs from applied mathematics to zoology. The college is comprised of three main divisions. The humanities division includes studies in classics, literature, and philosophy. The natural sciences division includes programs in biology, computer science, physics, and mathematics. The social sciences division includes courses in political science, economics, sociology, and history. Students entering into the college may opt to classify themselves as a division major in lieu of declaring a departmental major.

Outstanding Seniors

Man—Mike Hardgrove
Woman—Claire Johnson
Valedictorian—Merrilee Bolinger

Every year The University of Akron chapters of Omicron Delta Kappa and Mortar Board extend membership to eligible students. Although many honoraries and honor societies are represented on the Akron campus, selection into ODK and Mortar Board differs from these in that candidates must demonstrate outstanding service, leadership, and character in addition to achieving academic success.

Likewise, the recipients of the A-Key, Who's Who, and other awards listed must display service and leadership as well as academic achievement.

What's a circus without elephants?

In the Center Ring, chosen as the theme of Homecoming 1981 festivities, provided a whole week of excitement for the university. Major Events sponsored most of the week's activities, such as The Royal Hanneford Circus, an *Open Mike Night,* Captain Don, (a one-man circus sideshow), the dinner-dance at the University Club, and a city-wide parade. The crowning of the new king and queen highlighted the football game against Morehead State; and an after-the-game dance, sponsored by SCP, featured the group "Lazor."

Everyone joins in the city-wide parade.

The horses were a main attraction at the Royal Hanneford Circus.

University Theatre

Opportunities abounded for interested students to broaden their creative talents and develop abilities to face public audiences through the Department of Theatre Arts and Dance. For students who loved to show their imaginative work, the department strengthened skills of performers, writers, designers, and directors. The year's schedule consisted of eleven productions, fifty performances, and special appearances from visiting guest actors John Coe, Richard Glockner, and William Herndon.

Marie B. Dundon as Jean Brodie.

Ken Winters *(left)* and Douglas Foglesong harpoon whale in *Moby Dick*.

Professional actor John Coe appears as Captain Ahab in *Moby Dick*.

Karen Eterovich, Marta Lijeron, Susan Sprain, and Janine Lanshe portray Jean Brodie's Girls.

Leitha M. Grant appears as Emily Dickinson in the one-woman show, *The Belle of Amherst*, as part of her master's thesis in acting from UA.

Angelo A. Tiffe, as Tom, prepares for the sacred ritual in *Weeping for Tammuz*.

Theatre — Dramatic Effectiveness

Mike Herold and Tracy Tupman search the apartment for the missing doll containing drugs in *Wait Until Dark*.

In *Wait Until Dark*, Cindy Hays as Gloria, the obnoxious little girl, teases Susy, the blind housewife, played by Sheila Kelly.

Peggy O'Kelley (center) as Miss Adelaide dances in The Hot Box tap number, "A Bushel and a Peck," from *Guys and Dolls*.

The tour guide has problems controlling his group — the opening pantomime of *Guys and Dolls*.

Frederic Schwartz portrays the father, Charlie Anderson.

Theatre Guild Presents:

SHENANDOAH

The Theatre Guild's big production for the season was a reproduction of the Civil War days, entitled *Shenandoah. Shenandoah* showed the effects of the bloody and horrendous Civil War upon a typical farmer, Charlie Anderson, and his family. Charlie saw his most precious possessions — his family and his 500 acres of good, black earth — being taken away before his eyes. Suddenly a nation broke into two separate parts, and the land was consumed in flame, smoke, and bitterness. Brothers were fighting brothers, and the tears of their women and children, great though they were, still were insufficient to wash away the blood and hurt.

Charlie Anderson and his family persuade Angelo Tiffe (a Rebel soldier) to leave their property.

Todd Little, as James, receives advice from his father.

Donna Bica, as Anne, and Tina Bowman, as Jenny, on Jenny's wedding day.

Frank A. Jackman, as Sam, gives brotherly advice to Jenny on her wedding day.

E. J. Thomas Hall

E. J. Thomas Hall has it all . . . On a glittering evening in October of 1973, Thomas Hall opened to the delight of the University family and the community which had worked together for many years toward the occasion. Civic pride was the motivator behind the Edwin J. Thomas Performing Arts Hall; and since then, it has been the gathering point for nearly every kind of event — from ballet to magicians, from some of the world's greatest symphonies to internationally known jazz musicians and high school graduations. E. J. Thomas is also the home of the Akron Symphony Orchestra, the Children's Concert Society, and the Ohio Ballet, resident company of The University of Akron.

Grammy Award-winner Chuck Mangione features his theme from the 1980 Winter Olympic Games, *Give It All You Got.*

A favorite at E. J. — Charles Dickens', *A Christmas Carol.*

Jaye P. Morgan, known for her appearances on *The Gong Show* and *The Tonight Show*, stars in *Sugar Babies*.

Banding Together

To hold the title of *Ohio's Pride* took undying dedication, hours of hard practice, and a lot of spirit. To achieve these in every member at the same time was quite a task, but the UA Marching Band made it appear easy. With the tuba section leading the spirit, the band provided the key to motivate crowd excitement. Although the marching band, under the direction of Richard Jackoboice, was most known for its home-game performances at the Rubber Bowl, it also displayed its skills by performing at two pro games, the Cuyahoga Band Show, and numerous pep rallies.

Elizabeth Fairlie, Barbara Rose, and Jennifer Martin perform with Brass Choir.

Experimental Dance Ensemble

Experimental Dance Ensemble was the official company of The University of Akron. The company is made up of dance majors in the Department of Theatre Arts and Dance. The company was formed in 1975 and gives two performances yearly on campus. One series is at Kolbe Hall and the other at E.J. Thomas. The Company also performed off campus throughout the State of Ohio. EDE served as a performing classroom by giving students the opportunity and experience of performing in different styles in dance before live audiences. The company is called Experimental because the students use various dance techniques, such as the Early Modern of *Partita,* the Avant-Garde of *Paper Images,* or the dramatic qualities needed for *Shadows.*

May Day Winds Down Spring Semester

A concessionaire takes time to relax despite the crowds.

With the thrill of finishing another semester and the need to forget the thought of the tension and "all-nighters" which would follow during the next exam week, students gathered on Jackson Field for a great big party to say goodbye in style to those 15 long weeks. There to lead them in celebration were Michael Spiro and the featured band, *Risque*. Even though the May Day activities were limited to one afternoon of events, it didn't seem to bother the students since many separate parties were planned the whole weekend.

Students volunteer to clean up after the celebration.

Military Formal, Marh 13 at the University Club.

Although ROTC is geared to give students in a non-military atmosphere a basis of military responsibility and training in preparation for service obligation, it's seriousness is relieved by the many extracurricular activities it provides.

A favorite among activities is the annual Military Formal for both the Air Force and the Army. However, each group also serves the community and holds activities independently.

Air Force ROTC raised $1200 in its annual *Run For Life* for the kidney foundations at area hospitals, held formal dining in and dining outs, a field day competition between flights, and many cadets went to New Orleans for the National Conclave of the Arnold Air Society. Army ROTC held field training and repelling exercises, father-son activities, a commissioning ceremony, a turkey and ham shoot for marksmanship, and appeared in numerous parades.

Brunch With The President

Each year, Dr. and Mrs. Guzzetta welcome the student leaders into their home for an informal brunch. The aim behind this brunch is to give representatives from various organizations an ideal opportunity to talk among themselves and hold a question-and-answer session with Dr. Guzzetta. By talking about upcoming events and improvements for the university, the student voice and communication on campus is greatly improved.

Mortar Board

Mortar Board was established in 1918 as the first national society honoring college women. But in 1975, Mortar Board at The University of Akron revised its constitution to include men, also. Superior scholastic ability, outstanding and continual leadership, and dedicated service to the college and community are characteristics of Mortar Board members. Mortar Board distinguishes itself as an honor society, different from an honorary, in that its members make a commitment to serve. The Mortar Board booksale, the presidential brunches, and the Recognition Dinner were all examples of this commitment.

President Claire Johnson welcomes the guests at the 1982 Initiation Brunch at Dr. and Mrs. Guzzetta's home.

ODK

Omicron Delta Kappa, "regarded as the supreme recognition that could be accorded a male student," according to Dr. George W. Knepper, Professor of History and faculty advisor, celebrated its 60th Anniversary of establishment at UA. However, today ODK includes women on a standing equal to men.

Faculty members and alumni are tapped by ODK on the basis of character, distinguished attainments in university and community life, and consecration to democratic ideals. Requirements for student membership include a junior or senior ranking, high standards of character, demonstrated leadership, good campus citizenship, and active participation in at least two areas of extra- and co-curricular activities.

Besides honoring leaders, ODK sponsors activities on campus in conjunction with Mortar Board by planning the All-Campus Recognition Dinner and brunches with President Guzzetta.

Secretary Jan Leighley lights the candles during the Fall Initiation ceremony.

Judge Leroy J. Contie delivered the keynote address at the 60th Anniversary Celebration.

The Buchtelite was published every Tuesday and Friday during the school year. Ten thousand copies were circulated on campus including campus activities, local news, and entertainment features as well as a variety of syndicated columns and political cartoons. This year, the staff created a more professional publication by making a complete change in layout, type faces, paper size, and format. *The Buchtelite* was entered in the Associated Collegiate Press Awards and earned the title of an *All-American Newspaper,* which is the highest ranking award the association offers.

Savas Tsitiridis threads the needle between defenders.

Tsitiridis prepares to kick a goal.

The soccer team's successful season can be attributed to a rare blend of dedicated players. The talent stems from All-American candidates Steve Nicol and Captain Charlie Theuma who were the key to the Zip defense.

MVP Matt English led the Zips for the third consecutive year in scoring while the defense established a record for fewest goals allowed per game (0.67) in one season. Crowning a triumphant season, the Zips were named the Ohio Collegiate Soccer Association Champions for the second consecutive year.

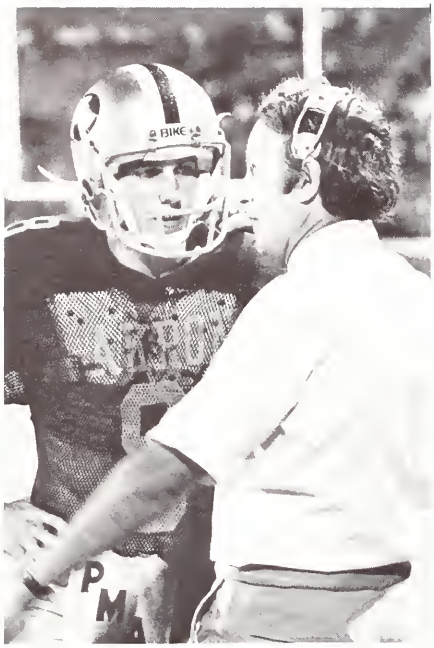
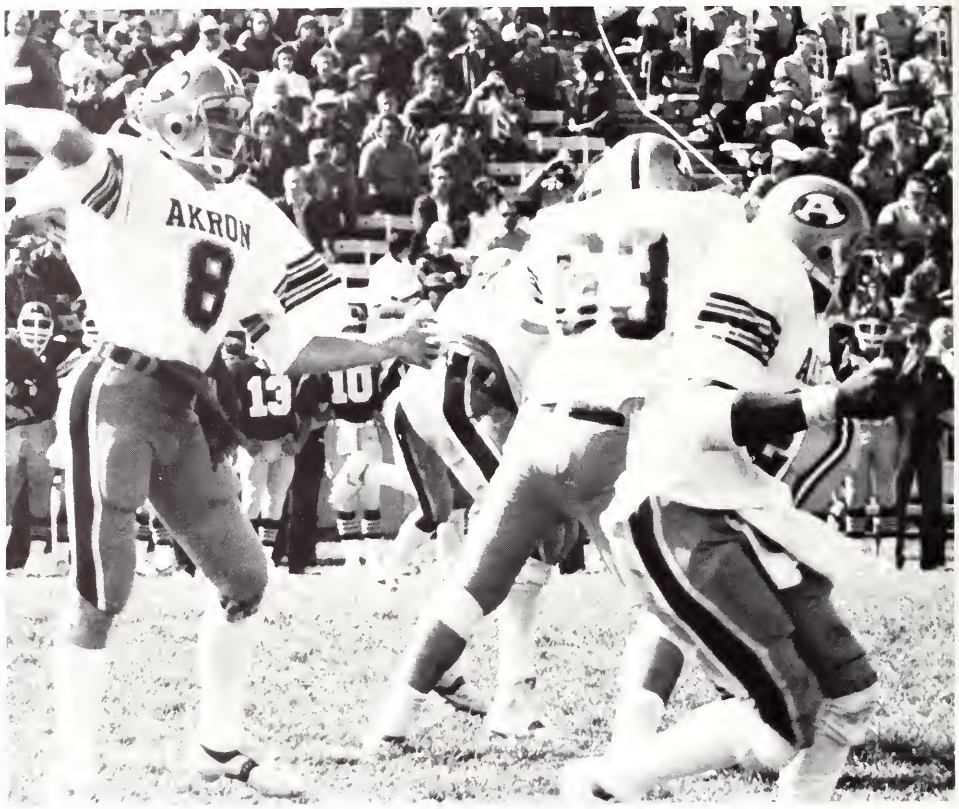
The "Second Season . . ."



Quarterback Freeman decides the strategy.



Freeman fires a spiral during the Acme-Zip game.

Starting a "new season" was the goal for Coach Dennison after the Zips opened the season with a 1-4 record for the first five games.

Like a boomerang, the Zips struck back with four straight victories against Tennessee Tech, Morehead State, Murray State, and Austin Peay.

Defensiveman Scott Miller and runningback Dennis Brumfield were named co-MVP's for their outstanding performances with the team. Brumfield became the first UA player ever to gain 1,000 yards rushing for two seasons while Miller led the defense with 16 tackles.

Although the team will lose 16 players, Coach Dennison claims, "The never-say-die attitude will win out in the long run, and I believe the winning habit has returned."

"C'mon guys, let Heckman get out to the field for the kick-off."

A hot-air balloon took the season off the ground.

A "streak of consistency" marked the key to the volleyball team's 19 wins. Coach Karen Kennedy noted, "We improved in all areas of our play from a year ago—offense, defense, teamwork, drive." The cross country team completed its season with a record of 42-17 and finished fourth in the Ohio Valley Conference. Junior Ray Jackson, UA's number one runner and named most valuable runner for the third consecutive year, competed throughout the season with rival teammate Jim Luth. Coach Al Campbell said both runners possess excellent ability and will be returning next year to help set the pace for another winning season.

Coach Campbell keeps a close eye on his runners' times.

A Look to The Future

The women's basketball team was met with disappointment and defeat throughout its season. Trouble began when co-captain Casey O'Connor suffered an early season injury and was not able to offer much help to the ailing Zips. And despite a perfect 3-0 Division II Ohio record, the Zips ended the season with an 11-18 season record, finishing third in the state for the third consecutive year.

But, the Zips overcame several obstacles through fine performances from some key players, such as guard Lori Anderson, who was named MVP for her outstanding play on offense and defense. First-year player Ruth Whatmough received the coach's award as well as having the distinction, along with co-captain Sue Deckard, of being the only two Zips to play in all the games. A strong freshman and sophomore roster will give the Zips a light at the end of the tunnel and hope for a brighter future.

The Zips concluded their disappointing season only to look forward to next year and a hopeful future. Despite finishing with a 3-13 record and moving into sole possession of last place in the OVC, the cagers continued to erase past records. Sophomore guard Joe Jakubick became the first UA player ever to be named to the All-Ohio Valley Conference. He also provided a steady influence for the Zips by averaging 22.8 points per game as the league's leading scorer, finishing with a total 594 points, and becoming the second highest all-time scorer.

The men's *A* team successfully captured the Ohio Governor's Cup, Croyal Cup, and the 1981-82 State Championship.

In addition, Lyn Lovell was invited to the National Qualifier race held in Ski Bruel, Michigan.

Frisbee . . . The *Ultimate* Sport

The Frisbee Club offered students a chance to warm-up their throwing techniques to show off at the beaches druing Spring break. Due to growing popularity, membership reached 30.

President Brenda Bird and vice president David Blewette were enthusiastic about student interest. The frisbee addicts competed mainly against KSU in both frisbee golf and "ultimate" frisbee soccer. Members enjoy the sport because the running keeps them in shape, and besides . . .it's a lot of fun!

"I bet you can't do this!"

Records Erased During First Varsity Season

Akron's first season of varsity women's track marked a respectable year. The team's competitive edge was evident as records were erased numerous times. MVP in running, Joni Mihalik excelled in the 100 meter hurdles, long jump, and 200 meter dash.

On the other end of the spectrum was MVP field performer and co-captain Tracie Haynes, who completed a memorable season in both shot put and discus events. Adding further depth to the team were Jennifer Guess and Gloria Thomas, who were equally adept in field and sprint events. The squad had a remarkable first season and can look forward to many more with its spirit and competitive drive.

Runners Mark Outstanding Season

The 1982 men's track season was highlighted by the Zip's first sub-four minute mile, run by senior Jim Luth at Murray State. Other major accomplishments included establishing new records at the OVC Indoor Championship by Dan Schumaker in the 3000 meter run, and the two-mile relay team of Luth, Dave Carpenter, Kevin Whitsett, and Henry Butler.

In the process of erasing the former UA record, freshman Andy Wuensch captured the OVC title in the discus, qualifying him for the Junior National Track Championship. According to Coach Al Campbell the men were an outstanding squad and "their talents showed, not only in local meets like Mount Union, but on the national level as well."

Members are dedicated, physically toned, intelligent and generally "all-around" people.

The 1982 golf team, led by head coach Jim Hackett, had its eyes aimed to the future. After a successful season in 1981, the Zips completed the 1982 season with a 19-49 record. MVP Steve Hiney started slowly, but by the end of the year, led the team with a 79.8 average. With all but one team member returning in 1983, the Zip's linksmen can look forward to brighter seasons in the future.

Men Net Record Wins

The 1982 men's tennis season was marked by a record-breaking year. Freshman Tony Catlin was a surprise performer as he captured 26 wins in 31 singles matches and earned the MVP award. Doubles champions Grant Aitchison and Kent Smith compiled a 25-2 record for another alltime high. Captain Mark Davis surpassed his personal wins record, finishing with a 20-10 season. In addition to his player's accomplishments, Coach Dave Bard succeeded Bill Beyer as the most-winning coach in UA tennis history. At the end of his fifth season as coach, Bard tallied a total of 64 wins to 46 losses.

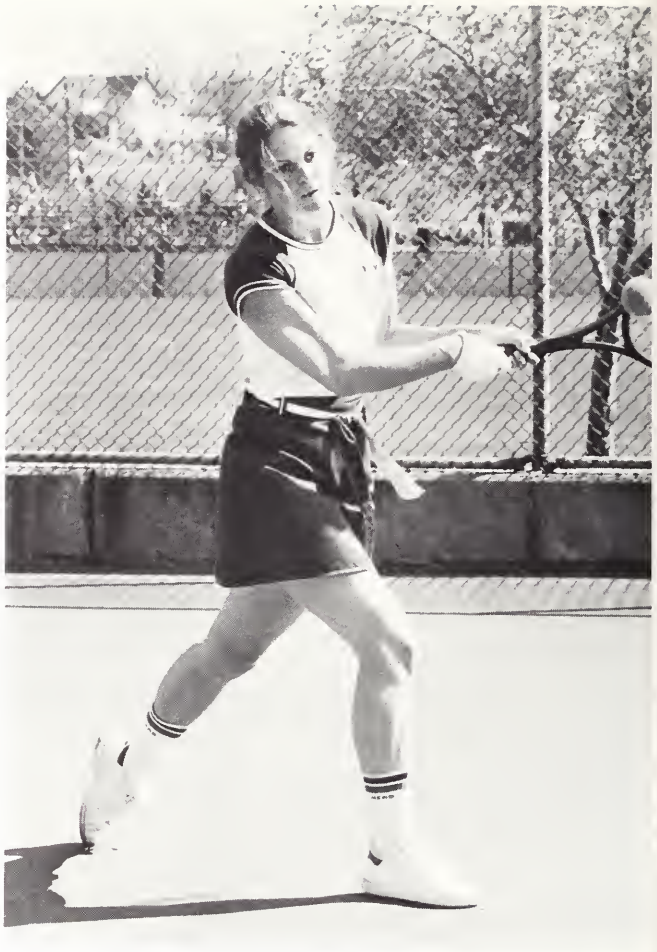
Teamwork Equals Successful Season



The women's tennis team completed its fourth consecutive winning season under the guidance of Coach Joannie Dinie, despite the disadvantage of having very few home matches. Co-captains Diana Cook and Ellen Ferrato continued to be the strong backbone as the number one doubles team. Singles competition remained healthy as MVP Loralee Bolinger was backed by Ferrato and Sharon Ferretti. Even with the tremendous individual efforts displayed by the netters, Coach Dinie said the successful season only can be attributed to intense teamwork.

The UA women's softball team had a remarkable season of which they can be proud. The Lady Zips won 30 games, establishing a new win-record in UA women's athletics.

MVP Kay Piper had a memorable season, leading the Zips in every base hit category. In additoin Deann Viebranz was the team's top hitter for the second year in a row with a .397 average.

The pitching squad of Dani Vance, Ruth Martin, and Linda Weber compiled an excellent 1.32 ERA, led by Martin's 12 victories in 17 starts. The season peaked when, for the third year, the team qualified for the fast-pitch regional competition.

Strike-out Force In Action

Thirteen became the lucky number for the 1982 baseball team. By the end of the season, the Zips surpassed 13 individual all-time single season marks, as well as 13 individual career standards. In addition, the team compiled a 41-17-2 record, completing an unusually long 60-game season.

Many players contributed to the team's successful season, beginning with MVP first baseman-pitcher Mike Birkbeck. A number of his accomplishments include a record-breaking 10 home runs, a .318 batting average, and batting in 10 runs. Consequently, Birkbeck was voted first-team All-OVC and one of three OVC Players of the Year. Other outstanding performances were given by Bill Swertfager (who holds 16 UA baseball records), Dave Wrigley, Dick Duncan, and pitchers Ty Gowins and Don Coleman.

Greeks

ΔΓ

Alpha Phi Alpha

Cooperation with the faculty, other students, and members of the community was the key to successful Greek life at The University of Akron. It was this same cooperation that motivated those that were technically members of a number of separate groups into becoming a large, cohesive unit that worked to maintain ideals of friendship, scholarship, and mutual respect. Greeks also recognized their responsibilities to themselves and to others—especially those less fortunate than they.

Greeks have always been instrumental in maintaining the rhythm of life on the university's campus. Their participation in Blood Drive, Dance Marathon, Homecoming, ASG, and many other activities was the result of many hours of hard work.

Throughout the year the fraternities and sororities were host to a number of activities that were attended by both Greeks and independents. Among these activities were Mud Tug, Tekequecade, Anchor Splash, Chug-Offs, Bug Stuff, and Songfest.

This year, the men of Pi Kappa Epsilon Fraternity, also known as Lone Star, celebrated the 100th anniversary of their founding on The University of Akron's campus. This centennial celebration made the men of PiKE members of the oldest existing local fraternity in the nation.

Lone Star was founded in January, 1882, by William V. N. Yates with the assistance of his fellow students: S. B. Rice, W. T. Sawyer, E. L. Chesrown, C. N. Church, W. T. Beardsley, J. G. Koon, and Charles A. Wilhelm. It was the persistance and organization of these men that established Lone Star fraternity as a Greek letter fraternity on the Buchtel College campus. It was on January 19, 1898, that Pi Kappa Epsilon fraternity was formally incorporated under the laws of Ohio.

Some of the more well-known Lone Stars from the past include such names as Bruce Bierce, Charles Bulger, Earl Gulick, Lee R. Jackson, Harry Schrank, Hal G. Knight, John La Guardia, Hezzelton Simmons, and C. Blake McDowell. Some honorary members include Dean Richard Hansford, Dr. L. G. Dalheim, and Tom Vukovich.

The men of Lone Star have contributed much to the Greek system at The University of Akron. For example, the annual Pizza Eating Contest, attended by over 1,000 people, was their biggest and most successful event. At that event, four members of each sorority and fraternity competed in a relay race to see who could eat the pizza first. On February 26, the Lone Stars hosted their all-campus Centennial Party with more than 800 people in attendance. In addition, they participated in Songfest with the women of Delta Gamma and the men of Delta Tau Delta, all Greek Week events, as well as other Greek special events.

Dorms

Students Receive A Taste

For some students, the 1981-82 school year marked the first time many lived without the guidance of their parents. Dorm life, as any residence hall student can tell you, was an exciting and challenging experience. Meeting and making new friends, developing a daily routine, dragging off to an early class, and lounging around were all a part of life in the dorms. The majority of students enjoyed the freedom that came along with living away from home, and it helped them to become a little more independent. Memories will be shared by all that lived in the dorms: fire drills at 2 a.m., dorm parties, quiet hours, and the visitation policy will certainly stick in the minds of the students for years to come.

Residence Hall Council is the student government for the residence hall students. Its main function is to dispense money to the dorms, along with many other activities. Helping to plan the Royal Hanneford Circus, the Homecoming Parade, and Akron's Bicycle Rodeo were just a few of their functions. A Test File and athletic equipment were also supplied to the dorms by RHC. This year's officers were President Jean Janek, Vice President Diane Stinson, Secretary Jane Mahon, and Treasurer Steve Brookover.

It also sponsored many activities such as *The Night of the Living Dance,* a Christmas and New Year's Party, *Preppy Night,* and *Aspen Night. Li'l Sib's Weekend, Cecil's Courtyard Tavern,* and *Open Mike Night* were also planned by RHPB.

RA's Provide Assistance For Students

The Resident Assistants for the 1981-82 school year had many responsibilities, but they also found time to enjoy dorm life. Their main objective was to maintain order in the dorms, and to be of assistance if needed. The job of an RA wasn't all fun and games, either. They attended numerous meetings, held workshops, and were constantly helping someone with a problem. The RA's held a big job, but they liked the responsibilities that came with it.

The 1982 University of Akron *Tel-Buch* was published by Josten's American Yearbook Company, 401 Science Park Road, State College, Pennsylvania, 16801. Volume 69 contains 288 pages with 6,000 copies printed. The printing surface is 9" x 12", and the paper stock is 80# Matte.

The headline style is 30 point Avant Garde. Body copy and captions are set in 10 point and 8 point Avant Garde, respectively. The cover is Midnight Blue with silver foil embossed and applied, and is Smyth sewn.

May The Road Rise To Meet You,
May The Wind Be Always At Your Back,
May The Sun Shine Warm Upon Your Face,
And Rains Fall Soft Upon Your Fields,
And Until We Meet Again,
May God Hold You
In The Palm Of His Hand.

—Traditional Verse
